**EDITORIAL COMMENTS ON PLAN**

The third-quarter plan for petroleum refining was exceeded, and the "Stalinnest" and "Buzovnyest" Trusts extracted many tons of petroleum above plan. The lagging trusts, however, particularly "Molotovest" "Ordzhonikidzest", and "Kaganovich-est", have fallen so far short of the plan as to discount the above-plan production of the leading enterprises.

The construction rate at the Mingeaur GES project has been slowed and the general lag in capital construction throughout the republic must be made up in the next quarter.
